GOVERNMENT OF MYSORE. 2-8836 (1)

Telegraphic Address:—"GEOL."

MYSORE GEOLOGICAL DEPARTMENT,

No. G. 852 Encs: 2.

Bangalore... 11th ...Dec. 193 5. 13/12

FROM B. RAMA RAO, ESQ., M.A., D.I.C., F.G.S.,
~~A. M. SEN, ESQ., M.SC., F.G.S., ETC.,~~
Director of Geology in Mysore,
Bangalore.

To Geol 61-35-1

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of His
Highness the Maharaja of Mysore,
Development Department,
Bangalore.

SIR,

I have the honour to submit herewith for the approval of Government a revised schedule of rates in respect of assay and other fees to come into force with effect from 1-1-1936 after due publication in the Mysore Gazette.

The scale of fees in force at present, a copy of which is herewith enclosed, was approved by Government in their letter No. G. 11659/Geol. 30-15-2 dated 19th February 1916.

(Struck off destroyed)

For ordinary assay, the fee is proposed to be raised from Rs.10/- to Rs.15/- since it is found that the cost of materials, labour involved, etc. are in no way less than what they are for the quantitative analysis of a single constituent of any mineral - the fee for which is Rs.15/- for the determination of one constituent. The slight increase therefore appears to be reasonable.

The fees for quantitative and qualitative analyses may remain unchanged.

For identification of specimens, the present fee ranges from one anna to one rupee. As many specimens are now being received for identification which take up a good deal of our time, I propose that the minimum fee may be raised from one anna to four annas.

The following two are proposed to be included in the Schedule afresh though the fees noted have been in practice ~~to be~~ levied

levied hitherto :-

(5) For furnishing descriptions of microslides of Rock-specimens. From Re .1/- to Rs. 2/- for each.

(6) Preparation of microslides of Rock-specimens.

Rs. 1-8-0 per slide.

Early orders of Government are solicited.

I have the honour to be,

Sir,

Your most obedient servant,

B Ramarao

Director,

Mysore Geological Department.

M.R/11.

The following rules regarding the use by the public of the Laboratory of this Department are published for information:-

(1) Fees for assay and analyses and identification of specimen

Assays and analyses and identification of minerals, ores and rocks for the public will be carried out at the following rates so far as time and accommodation permit:-

		Rs.
(1)	Ordinary assay (in duplicate)	15
	If more than one assay of the same kind is required a reduction of 20% will be made.	~~15~~
(2)	Quantitative Analysis:	
	Determination of one constituent.	15
	Each succeeding constituent.	5

Note:- Rs.10/- for each sample will be charged when three samples and more are required to be analysed at a time.

		Rs.
(3)	Qualitative Chemical Analysis:-	
	First constituent	5
	Others.	3 each.
(4)	Identification of specimens of ordinary rocks and minerals 4 annas to Re.1/- each.	
(5)	Furnishing descriptions of micro-slides of rock specimens	Rs.1 to 2.
(6)	Preparation of micro-slides of rock specimens	Rs.1/8/- per slide

Note:- For assays or analyses of exceptional difficulty and for the identification of rare minerals, special fees will be charged.

The Director may, in his discretion, publish the results obtained unless under special arrangement to the contrary.

Samples will not be returned except under special request.

p.t.o.

All samples should be addressed to:

The Director Mysore Geological Department, Bangalore.

B Ramadeo

Director,

Mysore Geological Department.

MYSORE GEOLOGICAL DEPARTMENT.

Notice No. 2317, *dated 25th January* 1928.

The following rules regarding the use by the public of the Laboratory of this department are published for information:—

(1) Fees for assay and analyses and identification of specimens.

Assays and analyses and identification of minerals, ores and rocks for the public will be carried out at the following rates so far as time and accommodation permit:—

	Rs.
(1) Ordinary assay (in duplicate)—	
If more then one assay of the same kind is required a reduction of 20 per cent will be made.	10
(2) Quantitative Analysis.—	
Determination of one constituent	15
Each succeeding constituent	5

Note.—Rs. 10 for each sample will be charged when three samples and more are required to be analysed at a time

	Rs.
(3) Qualitative Chemical Analysis.—	
First constituent	5
Others	3 each
(4) Identification of specimens of ordinary rocks and minerals 1 anna to Re. 1 each.—	

Note.—For assays or analyses of exceptional difficulty special fees will be charged.

The Director may, in his discretion, publish the results obtained unless under special arrangement to the contrary.

Samples will not be returned except under special request.

All samples should be addressed to.—

The Director, Mysore Geological Department, Bangalore.

P. SAMPAT IYENGAR,
Director, Mysore Geological Department.
